

# Rimage 5300N Firmware Release Notes

## Firmware Version

Version 6.214 for Rimage 5300N autoloaders.

## Compatibility

The Rimage 5300N firmware requires:

- Producer Software Suite 7.4 or later.
- Rimage Professional 5300N autoloader.

ⓘ **Important!** If you are upgrading from 5300N autoloader firmware prior to version 6.206 diagnostic test 3 (Lift Calibration) must be performed after this firmware is installed. See the *Rimage Professional 5100N/5300N User Guide* for Lift Calibration instructions.

## Changes

- Resolved a timing issue with the control panel display.
- Resolved a bin cycling issue.
